

PRE-ADMISSION HEALTH CHECKLIST

Please use this checklist as a guideline for submitting all the health forms we need to remove your medical hold. Failure to complete all items will cause a delay in your ability to register for classes. **ALL students, regardless of age, are required to be screened for Tuberculosis (TB). In addition, in accordance with D.C. Law 3-20, students under the age of 26 by AUGUST 1st (fall semester) and December 1st (spring semester) must provide documentation of vaccination or immunity from Hepatitis B, Diphtheria, Tetanus, Pertussis, Measles, Mumps, Rubella and Varicella. Register and submit your information to MedProctor using the checklist below. YOU MUST USE THE MEDPROCTOR IMMUNIZATION CERTIFICATION AND PHYSICAL EXAMINATION FORM ALONG WITH ANY NECESSARY LAB OR RADIOLOGY REPORTS.**

DEADLINE FOR FALL IS JULY 1ST AND SPRING IS DECEMBER 1ST

Mandatory Pre-admission Health Requirements

- Tuberculosis screening. If you do a PPD test, **make sure the form lists the date(s) the test was placed, the date it was read and the result.** If you had a blood test or x-ray, make sure the official result is submitted with your immunization form. We do not accept handwritten results. Please upload a copy of the lab or x-ray report.
- Make sure your healthcare provider prints their name, signs, and dates the form and includes their NPI number.
- Be sure the names of the vaccines match what is on our form, and that it is **signed and stamped** by that office.
- Tetanus/Diphtheria vaccines are seemingly similar but there is a difference between Td, Dt, Tdap, and DPT vaccines. Make sure you list the right ones! **We require Tdap.**
- If you do not have access to your immunization history, you can ask your doctor to draw immunity titers for MMR, Hepatitis B, and Varicella. You still need to satisfy the requirements for Tuberculosis Screening, Tetanus/Diphtheria & acellular Pertussis.
- Meningococcal vaccination is required for all first time in college and/or will live in residence halls. Booster should be **on or after 16th birthday.**
- Physical examination within the past year
- Your school or college must match with the University's records. Please review and select the correct school/college.

ALL ITEMS MUST BE RECEIVED TO LIFT YOUR HOLD.

PLEASE SELECT THE CORRECT SCHOOL/COLLEGE. THIS WILL DELAY YOUR PROCESSING.

ARE YOU A HEALTH SCIENCE STUDENT?

YES, IF Colleges of Medicine, Dentistry, Pharmacy, Nursing & Allied Health Sciences

In addition to the above checklist, review these extra requirements pertinent to your entry:

- Official lab results** documenting **immunity** to MMR, Hepatitis B, and Varicella. We do not accept handwritten results.
- Be sure you have been screened for tuberculosis correctly! You are required to have a **Two Step** PPD (2 skin tests within 7-21 days). If you elect to test by blood or x-ray, you **MUST** submit the official lab result or x-ray

PRE-ADMISSION HEALTH CHECKLIST

report with your forms. We do not accept handwritten results.
